In our project, there is 211 students and 16 teachers from 6 countries.

Our aims are:

- to make a school community who is having fun when learning,
- to raise awareness about some topics like climate action, media literacy, internet usage, importance of reading and e-Twinning values.
- to increase interest and participation in self-actualization and self-expression,
- to show our students the beauty of creating things individually and
- collaboratively,
- to show importance of building a better world and a better future,
- to encourage use of technology, web 2.0 tools,
- to improve using of foreign language.

We had a really good time
while doing this project

E-Twinning

I had fun learning , using my computer and speaking English.

What is E-Twinning for me?

It's a place where I do something, hanging with my friends, where I make new friends and where we have fun.
